## OPEN SPACES

Open Space Sessions are guided by four rules, and one law.

These are the rules of an Open Space Session

1. Whoever comes are the right people.
2. Whatever happens is the only thing that could have.
3. When it starts is the right time.
4. When it's over, it's over.

The Law of Two Feet :

*If during the course of the gathering, any person finds themselves in a place where they are neither learning nor contributing they must use their two feet and go to a more productive place.*
